Mons Regional Natural Science Museum is a free museum sure to satisfy your thirst for knowledge.

The museum is actually closed for renovations. You will soon be able to see its new displays.

More than 170 years of history

This museum focuses on studying nature and raising awareness on how to protect its rich biodiversity.

365 mammals from all continents, a large collection of birds, extinct species, rare pieces such as narwhal and platypus teeth, the impressive skeleton of Julius Koch (nicknamed the Constantin Giant): your visit is sure to be fascinating.
