Bois du Luc and its Musée de la Mine et du Développement Durable invite you to a fun and instructive day in Houdeng-Aimeries. The next event will take place in 2021.

The mining site of Bois-du-Luc will turn into a fantastic playground for both children and adults: there will be an amazing range of eco-friendly activities to enjoy. Expect storytelling explaining sustainability, DIY workshops focusing on biodiversity and zero waste, even the creation of insect hotels.

Guided tours will also be on the program, as well as face-painting, bouncy castles, games of yesteryear, sports challenge, initiations to juggling, theatre shows - something for everyone!

The information contained herein is provided as a guide only.

We recommend that you check with the local supplier before you leave.
