**In the heart of the Hanneton valley, the Brasserie Deseveaux presents its range of craft beer brewed with a little twist.**

Nestled in a former farm, this brewery produced artisanal beers by focusing on sustainable unexpected ingredients. Come and discover which ones as well as how the brewing, fermentation and filtering happen.

Heritage cereals or grain such as oat and buckwheat are celebrated here. These ingredients were chosen for their originality, their flavour and their sustainability. The water used for the brewing is from the Hanneton Valley to give the beers their unique character.

**Traditional beers you simply have to try!**
