Located in the province of Luxembourg, the Caves of Hotton are part of Wallonia's protected natural heritage: a real geological gem!

A breath-taking visit

Get ready to...

- go 65 metres underground
- explore a fantastic maze of galleries
- look over a 30 metres deep sinkhole
- be wowed by delicate curtains made of stone, the incredible shapes and colours of the concretions around
- listen to the "river with no name" (an underground stream with incredibly clear water) roar
- glimpse a bat or two...

By the caves

Enjoy:

- walks with stunning panoramas
- gardens with panels presenting the Calestiennes's flora and fauna
- the play area

Birthday parties

- Caving trail (from the age of 6)
- Fun storytelling
- Cake and gifts for all

We loved...

The excentric concretions, the 35 metres high room where we felts as small as ants, the baby stalactites as cute as Christmas decorations and the fact that the caves are 12 degrees all year round (which feels great in winter!).
